- Bodegas Fulcro, 'Finca a Pedreira', Albarino, Rias Biexas, Spain 2017 £53.00

- Alan Graillot, Marsanne, Crozes Hermitage, Rhone, France 2016 £72.00

- Pouilly-Fumé, Michel Redde 'Barre á Mine', Sauvignon Blanc, Loire, France 2015 £90.00
- From one of the most famous villages for white wine in France. This wine conjures images of shimmering silver streams with shards of flint. Crunchy gooseberries and ripe white currants. Definition of world class Sauvignon.

PRESENTING...

HARTNETT HOLDER & CO BY FERTUNA

Lime Wood is excited and thrilled to present our own label wines that have been lovingly crafted for us Fertuna Estate, based in Maremma in Tuscany.

The Estate

The name comes from the consonance with the word "fortuna" meaning fortune and fert, from the Latin fertus, meaning fertile.

Some years after the establishment of Fertuna in 1997, the Marchese della Rochetta of Sassicaia and Giuseppe Meregalli created a joint venture to develop two new wines which represented exceptional value for money given their exceptional quality. Our wines are an extension of these and have been created just for us. They are not available for sale anywhere else in the world.

The Winemaker

Paolo Rivella is the manager and winemaker at the Fertuna winery. Born in the Chianti Classico region, Paolo comes from a winemaking heritage stretching back to 1850 and his great-grandfather. After training in viticulture and oenology in Sienna, Paolo developed his skills at wineries in the Chianti region. Paolo's aim is to use his skill and passion to produce wine which will bring enjoyment and an authentic sip of Tuscany to all who taste it.

A great all round series of wines for just £29.00 a bottle.

Organic & Biodynamic

Below are a list of our chosen producers who aren't necessarily certified as biodynamic or organic but who do however work using said principals. In complying to these guidelines, each producer is credited with the ability of accurately farming sustainably not only through vineyard management but as a way of life.

| OB Domaine de la Romanée-Conti, Pinot Noir, Echezeaux, Burgundy, France | 2000 | £740.00 |
| - <i>Arguably the world's most famous bio-dynamic estate. This wine speaks for itself.</i> | | |

O - In the late 1930s and early 1940s Sir Albert and his wife Gabrielle, both accomplished botanists, developed organic agriculture. The Howards were influenced by their experiences with traditional farming methods in India as well as biodynamics and their formal scientific education. Sir Albert Howard is widely considered to be the "father of organic farming" because he was the first to apply scientific knowledge and principles to these more traditional and natural methods.

B - The development of biodynamic agriculture began in 1924 with a series of eight lectures given by philosopher Rudolf Steiner. Better recognised as a furthered form of organic farming, Bio-dynamic culture refers to the ways in which "a holistic understanding of agricultural processes" are better understood. Loire vigneron Nicholas Joly was one of the earliest enthusiasts of the biodynamic movement and it has since spread all over the world.

*The CoraVin is an ingenious piece of technology that allows us to access a wine without pulling the cork. A needle simply pierces the cork and allows us to remove the wine whilst also replacing it with argon, an inert gas. This keeps the wine fresh without interrupting the aging process. "I can't live without it".
